

## RAF St Mawgan – Higher Formation Training Facility

### **History**

RAF St Mawgan is the centre of excellence for the world class survival training provided by the Defence SERE Training Organisation (DSTO) and for hosting essential national and international exercises.

The professionally managed exercise areas and training area, along with experienced personnel, have made it the premier military venue for Higher Formation Training.

### **Requirement**

To provide 835x Twin Fibre Points to the Desk including 24x Specialist 42U 'Cannon' Data Cabinets, Power Distribution, Plinths, Fan Trays, OM1 Fibre Optic Cable, Faceplates & Modules, Pigtails and Duplex Patch Panels all supplied and installed to a tight deadline of just 3 weeks. This required a 7 strong team onsite under a 6 day week 12 hour day to bring the contract in on time.

Installation Date – May to June 2016.

### **Contract Value**

£95K + VAT.
